HENRY S. PINK

(1887 - 1959)

Henry S. Pink, son of Stewart and Anna (Hardisty), was born in Stissing, N. Y. Upon moving to Carver, Henry entered North Carver School, and was a member of Carver High School class of 1906. He attended Bryant and Stratton Business School of Boston. After graduating he joined his father in the operation of the family store in North Carver.

He married Cordelia Shaw of this town on April 6, 1909.

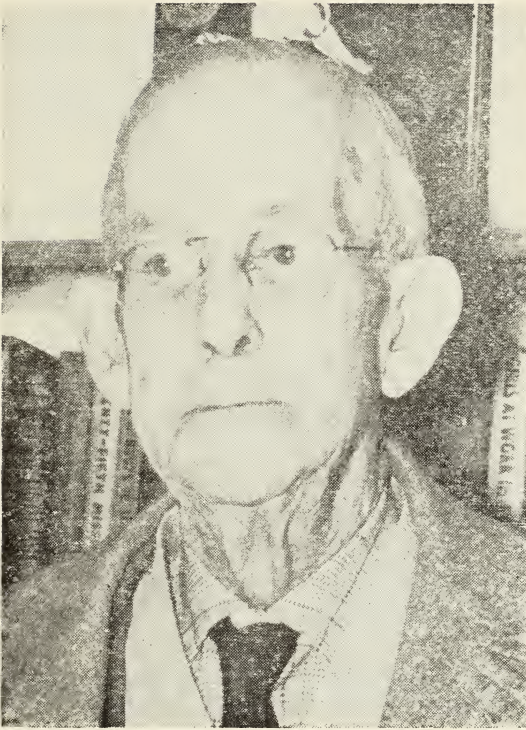

He was appointed Postmaster for North Carver on Jan. 4, 1915 by President Woodrow Wilson, and served in that

capacity for forty-two years. He was a member of National Association of Post Masters.

Mr. Pink served the town of Carver from 1915 to 1923 as selectman and member of the Board of Public Welfare. In addition to these activities he owned and operated Cranberry Bogs in the section of the Town known as Snappit.

Henry, quiet, friendly, generous and unassuming was liked and respected by all. The town has lost a faithful servant and loyal friend.

BERNARD W. ROBY

(1875 - 1959)

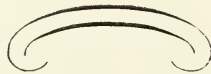

Bernard W. Roby, born in Norwood and a graduate of Burdett College was married to the late Emma (Gassett) in 1900 and moved to Carver in 1928. Shortly thereafter he opened a service station which he operated until 1946. In 1937 he was appointed and continued to serve as a Selectman, on the Board of Health and the Board of Public Welfare until 1958 following which he was appointed to the Finance Committee.

Any attempt to select a peak in Mr. Roby's long career as a public servant would be most difficult. Rather, perhaps his major contribution to local government, and indeed a most worthy one, was a rigid adherence to a philosophy which placed human values on a par with monetary ones.

Although he wasn't the first Carver official to use a measuring stick other than the "almighty dollar", he was unique in that his name properly became synonymous with the support of the common man. Let others fight to protect the vested interests, he felt duty bound to support those who previously were without adequate defense, and few can deny that in that noble task he met with considerable success.

Mr. Roby's kind-heartedness was practically limitless. It was characteristic of him, especially during the depressed '30's, to dip without fanfare into his own limited means to put a coat on the back of some needy person, shoes on some shoeless youngster, or a package of groceries on an empty table.

With the passing of Bernard W. Roby, Carver lost a true and able man whose impact is bound to be felt for years to come.

Article I

Section 1. The annual Town Meeting shall be held for the election of officers on the first Saturday in March at 12 noon. The polls shall be open for at least seven hours, and as soon as the ballots are counted the meeting will be adjourned to the following Saturday at 2 P.M. for the transaction of municipal business.

Section 2. Twenty-five votes shall be necessary to constitute a quorum at town meetings provided that a number less than a quorum may from time to time adjourn the same.

Section 3. All articles in the warrant shall be taken up in order of their arrangement unless othwise ordered by two-thirds vote.

Section 4. No motion to adjourn without day shall be in order until all articles in the warrant have been acted upon.

Section 5. In all town elections the counting of ballots shall not begin until the polls have been open for four hours.

Section . The Check list shall be used in admitting voters to a town meeting, except that non-voters may be admitted to a defined and separate portion thereof, and non-voters may address the meeting if the town so votes.

Section 7. The articles to be acted upon at the annual town meeting in March shall be in the hands of the Board of Selectmen on or before February first preceding said meeting.

Article II

The town warrant shall be posted in the town hall and at each fire station in the town.

Article III

The moderator shall be elected for one year, the name to appear on the official ballot.

Article IV

The powers and duties of the presiding officer not especially provided for by law shall be determined by rules of practice as contained in Robert's Rules of Order so far as they are adapted to the conditions and powers of the town.

Article V

Section 1. The Board of Selectmen shall consist of three members, each elected for a three year term, one term expiring annually.

Section 2. The Board of Selectmen shall serve as the Board of Public Welfare.

Section 3. The Board of Selectmen shall have the power to prosecute, compromise or defend suits for or against the town and employ counsel at any time if in its judgement the interests of the town so require.

Section 4. It shall be the duty of the Board of Selectmen to transmit a copy of any warrant for any regular or special town meeting as soon as said warrant is drawn, to the Finance Committee.

Section 5. The Board of Selectmen shall appoint an Inspector of Wires, as provided in Chapter 66, Section 32 of the General Laws, as amended by Chapter 529 of the acts of 1949.

Section 6. The Board of Selectmen shall notify all department heads and all committees appointed or elected by the town of any special town meetings at least seven days prior to the posting of the warrant of said meeting.

Article VI

The following officers are to be chosen from the floor at the annual town meeting to serve a one year term:

Three field drivers and pound keepers.

Three surveyors of lumber and measurers of wood

Three fence viewers

Three members to serve as a herring committee

Article VII

Section 1. The Finance Committee shall consist of nine members except as hereinafter provided, and shall be appointed in the manner hereinafter set forth. Beginning with the year 1960, and annually thereafter, the moderator shall appoint three members to serve on the Finance Committee, each member to serve for a term of three years. The membership of the present Committee of fifteen members shall not be reduced except by expiration of their respective terms in accordance with the by-laws now in effect. No member of the Finance Committee, after having served two consecutive terms, shall be eligible for appointment to said Committee until one year shall have passed.

Section 2. All qualified voters on the voting list for the Town of Carver are eligible for appointment to the Finance Committee except that no elected or appointed town officer is eligible for membership on such committee, and no member of a special town committee shall have a vote as a member of the Finance Committee on any matter pertaining to the duties of that special committee.

Section 3. On or before the first day of April it shall be the duty of the Moderator to call the organization meeting of the Finance Committee.

Section 4. The Finance Committee at its organizational meeting shall elect a chairman, vice-chairman, and a secretary, all who shall serve until the next annual town meeting. Within ten days after the organization the secretary shall notify the Town Clerk in writing of such organization.

Section 5. Any vacancies occurring in the Finance Committee shall be filled by the Moderator within seven days of the notification in writing of said vacancy by the chairman of the Finance Committee.

Section 6. Three consecutive absences of any member of the Finance Committee at a duly called meeting, except for reason of sickness, shall constitute a vacancy, at the discretion of the Chairman.

Section 7. The report of the Finance Committee to the annual town meeting shall be in print and shall contain the request of all departments and the appropriations recommended by the Finance Committee, together with such recommendations on other matters in such warrant as in its judgment should be brought to the attention of the town, but reports to all other town meetings shall be in such form as the Finance Committee shall deem advisable.

Section 8. The Finance Committee may appoint such sub-committees as it may deem advisable.

Section 9. The Finance Committee shall have authority at any time to investigate the town's accounts and management of any department, and the books, records and accounts of all departments of the town shall be open to the inspection of the Finance Committee, or any of its authorized sub-committees, or any person authorized to act for said committee.

Section 10. The chairman and the secretary of the Finance Committee may be compensated for their services if the Town so votes. All other members shall serve without pay, but may be reimbursed for actual expenses incurred in the discharge of their duties.

Section 11. On or before December 21 of each year the Officers, Boards, or Committees having charge of expenditures of the town's money shall transmit, in writing, to the Finance Committee their estimate of expenditures for the conduct of their departments for the next municipal year. On or January 15 of the following year these same officers shall present to the Finance Committee, in writing a detailed list of the expenditures for the year previous.

Article VIII

A summary of all town meetings and results of all elections shall be included in the annual town report.

Article IX

Valuation lists for the Town of Carver shall be published every five years unless otherwise voted by the town.

Article X

Any of these by-laws may be amended or repealed at any town meeting by a two-thirds vote of those present and voting, any article or articles for the purpose having been inserted in the warrant for such meeting.

Article XI

No person shall commence within the town any new construction of a building of any type or description, or commence major alterations, additions or improvements of any existing building, without first having applied for and obtained a permit therefor from the Board of Selectmen. No permit shall be required for ordinary repairs or renovations.

The application shall be in triplicate and contain information as to the name and address of the applicant and the name and address of the owner, and the nature and location of construction or proposed work. One copy of the application shall be kept on file, one copy given to the applicant, and one copy given to the Board of Assessors. The Selectmen shall grant the permit in written or printed form within fifteen days of the filing of the application if all information required is given. The permit shall become void unless operations thereunder are commenced within six months of the date of issuance.

Any person who violates any provision of this law shall be subject to a fine of not more than twenty dollars (\$20.00) to be paid to the Treasurers of the town.

Article XII

All by-laws enacted prior to March 6, 1959, are hereby repealed.

(By-laws approved by Attorney-General on June 1, 1959.)

Published in Middleboro Gazette as required by law.
Effective date, August 13, 1959.)

Motion to adjourn, duly seconded, VOTED to adjourn.

Adjourned at 6:07 P.M.

SPECIAL TOWN MEETING

JULY 15, 1959

A special Town Meeting was held July 15, 1959, and was called to order at 8.00 o'clock P.M. by the Moderator, Bradford H. Cole, there being a quorum present. The Invocation was given by the Rev. Norman B. Cawley, Pastor of the First Congregational Church at North Carver. Dana E. Thomas and Louis A. Bryant, Jr., were appointed to act as Tellers and were sworn to the faithful performance of their duties.

Thereupon the meeting proceeded to act upon the following article:

Article I. To see if the Town will vote to appropriate a sum of money not to exceed \$4,500.00 from free cash in the town treasury for the purpose of purchasing a new School Bus for the School Department, and act thereon.

Article I. Motion by Erwin K. Washburn, duly seconded, that the Town vote to appropriate the sum of \$4,326.75 from free cash in the town treasury for the purpose of purchasing a new School Bus for the School Department.

Thereupon, after considerable discussion, it was moved by Frank R. Mazzilli, and duly seconded, that the vote on the question be by Australian Ballot, and it was so VOTED. Thereupon, Florence K. Sand, Rudolf Bohlen and Louis T. Farrah were appointed Tellers and were duly sworn.

Thereupon, ballot being had, the checklist showed that a total of 56 votes had been cast. Upon a count of the ballots, 29 had voted in the affirmative and 28 in the negative, being

a total of 57 votes. Thereupon, the Moderator ordered a new ballot taken as there was a discrepancy between the number of votes cast and the number of voters checked as having voted.

Thereupon, ballot being had, the check-list showed that a total of 56 persons had cast ballots. The Town Clerk announced the result of the voting as follows: Yes 27, No 29, being a total of 56 votes. The motion was declared lost.

Meeting adjourned at 9:40 P.M.

Respectfully submitted,
Onni H. Erickson, Town Clerk

BOARD OF PUBLIC WELFARE

To the Honorable Board of Public Welfare:

I herewith submit my report on Old Age Assistance, Aid to Dependent Children, Disability Assistance and Public Welfare for the fiscal year ending December 31, 1959.

During the year twenty-six applications were processed and disposed of as follows:

- 14 Approved
- 4 Denied
- 6 Withdrawn
- 2 Pending

During the year eighteen cases have been closed for the following reasons:

- 1 Transferred to other category
- 1 Transferred to other town
- 1 Transferred to institution
- 1 Moved from commonwealth
- 4 Employment found
- 2 Resources available
- 1 Non-compliance with agency regulation
- 5 Medical only
- 2 Deaths

On January 1, 1959 there were forty Old Age Assistance cases and on January 1, 1960 there were 41 cases with one application pending. Expenditures decreased from \$49,766.92 to \$49,255.70.

Aid to Dependent Children cases totalled three on January 1, 1959 and on January 1, 1960 there were two cases with one application pending. Expenditures decreased from \$3,899.60 to \$2,900.38.

On January 1, 1959 there were five Disability Assistance cases and on January 1, 1960 there remains one active case. Expenditures decreased from \$5,727.10 to \$3,242.80.

At the beginning of the year two General Relief cases were being aided. During June and July there were no active cases. On January 1, 1960 there are two cases. Expenditures increased from \$4,033.15 to \$4,591.95, there being more persons aided in other towns and cities holding a Carver settlement.

Medical care represents approximately 25% of all public assistance granted.

One lien was filed on the real estate of an Old Age Assistance applicant as a condition in granting assistance. One lien was released after \$1,366.55 was recovered.

I wish to express my appreciation to the Board members for their cooperation.

Respectfully submitted,

VIOLA S. GRIFFITH, Director

1959 REPORT OF LIBRARY TRUSTEES

To the Honorable Board of Selectmen

Carver, Massachusetts

Gentlemen:

The increase in circulation indicates that the usefulness of the library has grown during the past year. In July and August the library was open Thursday afternoons, an additional three hours, to accommodate the summer patrons especially. Aside from the more usual books, we purchased three "books about books" to help the serious reader: A Parents' Guide to Children's Reading, Historical Fiction and Book Bait, as well as a few "beginning - to - read" books for young children. Several young patrons won their State Certificate Reading awards.

The Cub Scouts, Brownies and the two First Grades visited the library, and the art classes exhibited their drawings and paintings.

We wish to express our appreciation to the donors of books, magazines, flower arrangements and to all who helped in any way to make the library more attractive and useful.

Circulation:

REQUIREMENTS FOR ADMISSION TO FIRST GRADE

1. A child who will reach his sixth birthday on or before December 31 may be admitted to the first grade in September 1960, without examination.
2. A child whose birthday occurs in the two months after December 31st may be admitted the preceding September if readiness for school can be demonstrated by means of appropriate tests. Parents having a child whom they wish to be examined under this rule are required to make application to the Superintendent of Schools on or before August 15 preceding the opening of school in September. A special form will be furnished for this purpose upon written Request from the parent.

CLOSING OF SCHOOLS

It is the policy of the School Committee to close school only under the severest weather conditions or on such occasions when it is dangerous to operate school buses. At other times, parents are expected to use their own judgment in sending children to school. When a decision to close schools has been made, this information will be broadcast through the courtesy of radio stations WBZ and WNBH. The no-school signal will also be given on the local fire warning apparatus. This signal is two short blasts sounded three times.

From records of the School Committee: February 1, 1960

VOTED: That the report of the Superintendent of Schools and other officers of the school system be hereby adopted as the report of the School Committee for 1959.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the Carver School Committee:

I herewith submit the report of the Superintendent of Schools for the calendar year 1959 and with it the reports and tables customarily included in the annual report of the school committee.

From the principal's report you will note the average attendance at the close of school in June to be 303 and from October 1 census report it will be noted there have been 320 children enrolled then. This represents a small increase in the total but one which makes no significant difference at the school. Any problems which we may have are not of numbers but rather in the fact that the numbers in some grade groups are too large for one section, yet scarcely large enough for two such sections. Mr. Shaw's report discusses this matter in some detail and we are pleased with the way in which the problem has been met.

Continuing further on the matter of enrollment, the figures for high and vocational school enrollment show 84 pupils in such outside schools. The comparable figure for the year previous was 96 indicating a decrease by twelve. We are currently in the process of re-entering Middleboro High School after an absence of eighteen years. When I first entered the service of Union 34 (then 47) in 1941, we were in the process of changing to Plymouth High School. Since then we have been from Plymouth to Silver Lake, and now, because Silver Lake needs the space for its own pupils, we are once again entering Middleboro and thus completing the cycle in twenty years.

This situation gives rise to the hope that the possibility, slight that it may be at this time of writing of forming a regional high school plan with Plymouth, will develop. Shifting from one school to another, as described in the above paragraph, brings no lasting benefits to the Carver youth, nor in a larger sense, to the town. It is only when the question has been settled with some permanency that we shall have the solution. Carver should not have to repeat the migration around the circle again. The opportunity of joining with others in a regional school pattern has all but closed for good; Plymouth represents the last chance. It is earnestly hoped that 1960 will be the year when the final solution is made to the question which has been met with a variety of temporary solutions since 1926.

We are fortunate to have few changes of staff to report. Miss Kathleen Cosgrove, a teacher in the fifth grade, resigned her position in late July to undertake European travel. Mrs. Florence K. Sand, a former Carver teacher, returned to regular service and was engaged to take Miss Cosgrove's place. Mrs. Sand also took the substitute's position when Mrs. Margaret Atwood was granted a leave of absence from March 16 for the balance of the school year.

The Committee has been forced by circumstances to approve major repair items this year at the school, chiefly in the heating system, the glass blocks and the series of wells holding the water supply. It was necessary to open up the floors in the south wing and replace the return line for the heating system which was buried in the slab and to do similar work in the room formerly used for Home Economics instruction in the north wing. This work, with attendant extra jobs, as repair of flooring ruined in the excavation, etc., accounts for \$2,126.40. The replacement work has been installed in such a way as to make it always possible in the future to get at the piping at any time. A number of the glass blocks in

the many windows had cracked due to pressure and have been replaced. This accounts for \$458.00. Work renewing the well points, making new connections, etc., \$347.21. The remainder of the funds used for repairs represents routine work on electrical, plumbing and heating mechanisms. Baring unforeseen developments, the work performed should be lasting in nature, which will not have to be repeated. The transportation contract for Vocational school purposes expired this year and the committee called for bids on June 15, 1959. Only one bid was received. This was divided into three parts, depending upon the size of bus accepted and whether to be new or used. The used equipment, the same as that having been previously operated under the expired contract, was to have cost the town \$495.00 more per year than in the previous contract. The committee took the matter under advisement and after due consideration, decided to investigate the possibilities of town-owned equipment. All available pertinent information was obtained and the members and superintendent were in agreement that a substantial saving to the town could be realized by town ownership of a bus to be used for Vocational purposes and such other special transportation for pupils as could be arranged. Accordingly, bids were asked for furnishing a vehicle. When the bids were opened on July 6th, it was found that the cost of a town-owned bus, same size, would be \$1,705.00 less than the bid filed on new equipment on June 15th. As funds for such a purchase would be subject to town appropriation, a meeting was called on July 15th but article was lost by a margin of two votes. Favorable action could have resulted in a real saving to the town inasmuch as reimbursement on vocational transportation, unlike elementary and high school, is limited to 50% of the local funds expended. Public ownership having been defeated, previous bids were rejected and new bids called for on July 27th. Three bids were received, as follows:

Weston Eayrs (Middleboro)	\$5,656.00
Sarah Holmes	5,840.00

Aime Desroches

5,870.00

It was agreed it was better to keep the contract within the town and accordingly the award was made to Sarah Holmes for the above sum. The contract runs for a three year period.

A comparison of the expenses of 1959 with the proposed budget for 1960 revealed an increase of \$8,525.00 for 1960. The items causing this increase are chiefly two in number, salaries and tuition. In the case of salaries, the legislature has raised the minimum teacher's salary again, this to \$4,000.00. In order to be reasonable and fair with the teachers in the local school, allowing for the fact that any beginning teacher must be paid at least this sum, plans must be made to readjust all teachers' wages to make recognition of this factor. A number of the teaching staff have had a great many years experience and it is a serious situation to have a beginning teacher, offering no experience, receiving within a few hundred dollars of what the experienced teacher receives. The salary plans of the committee intend to take this change of minimum salary into account. Tuition charges, over which there is no control, account for other increase. The charges at Middleboro advanced from \$303.00 to \$335.00 per student. At Silver Lake the charge is rising from \$400 to \$450 per pupil. Tuition at New Bedford Vocational School is increasing from \$325.00 per pupil to \$400.00. One other increase, next in importance, is found in the fact that the new vocational transportation contract, even through the re-bidding, will cost the town several hundred dollars more per year.

In connection with Vocational transportation, it should be reported here that it has been possible to realize a slight income for the town under this contract, as it has been possible to aid both Plymouth and Wareham with the transportation of one pupil each, and \$1.00 per day, per person, is being collected

for the town. This income aids to a small extent in meeting the added cost; however, there is no assurance of the continuation of this income.

As we conclude again the report for a calendar year, we have a number of features in the present situation which give us cause for grateful reflection. A school staff which works well and is conscientious in its effort, a school principal who is devoted to his school and who spends many hours beyond the ordinary needs in his effort to provide the best for Carver children, a staff where a high percentage of the teachers are experienced, an excellent custodial staff, a school committee which takes a genuine interest in the progress of public education for the town,—all of these features contribute to a wholesome school program and to continued progress with the public schools. Citizens have cooperated excellently in their continued support of the school program during this continued period of rising costs. Taken from any viewpoint one may wish to use, we have the assurance that the work of the school has the attention of a large number of people in a variety of responsibilities. We hope to see the final solution to our secondary problem in the year to come.

Respectfully submitted,

GEORGE R. AUSTIN

Superintendent of Schools, Union 34

REPORT OF THE PRINCIPAL
OF THE GOVERNOR JOHN CARVER SCHOOL

To the Superintendent of Schools:

I hereby submit my report as principal of the Governor John Carver School for the calender year of 1959.

The enrollment for the year ending in June averaged 303, yet during this period the names of 321 different pupils appeared on the school register. The year numbered 178 the average pupil was in attendance for one hundred and sixty nine days. There were fourteen pupils who had perfect attendance; eighty-two pupils were absent three days or less.

During the last part of May achievement tests were administered to all pupils. Six of the eight grades equaled the national average for the grade; two grades failed to reach this point; one by two months, the other by three months.

The extensive sports program discussed in my last report was carried with sucess. While the basketball team did not place as high as in some other years, the baseball team won first position in the Massasoit League.

The school year was brought to a formal close with the graduation exercises held on Thursday evening, June 11, at which diplomas were presented to twenty-three pupils. The American Legion Essay Award was won by Robert Brown; Marsha Penti was presented with the newly instituted Kiwanis Award. Following is a list of the graduates:

- a Middleboro High School
- b New Bedford Vocational High School
- c Not in school

Two college scholarships were Presented by local groups. To Bette Johnson now enrolled in the State Teachers College at Westfield, went the PTA Scholarship; the Kiwanis Scholarship was awarded to J. Theodore Young now a freshman at the University of Massachusetts.

With the opening of the school year 1959-1960 seven home rooms with split grades were set up as contrasted to one for the previous school year. This policy of home rooms with two grades was established for several reasons, the first being a financial consideration.

At the present writing, with the exception of the Special Class, we have an enrollment of 308 pupils or an average grade size of 38 pupils. In actual count the grades range from 26 pupils to 49 pupils. Any grade exceeding thirty-five pupils cannot be handled efficiently by one teacher, and of our eight grades only two have less than this number. Yet the size of these larger classes is not large enough to warrant the hiring of two teachers per grade. Our three primary grades range in

size 41 to 49. Under the arrangement of using two split home rooms and three straight grades, five teachers can provide the instruction. With no split grades six teachers would be necessary. With no combination sections in the upper grades another teacher would also be necessary. Thus the operation of the school is carried on by a staff of fourteen rather than one of sixteen teachers.

Under the system of pupil placement used last year our fifth and sixth grades were cared for by three teachers; one having a combined grade made up of the higher achieving pupils of each grade, one teacher with a straight fifth, and the other with a straight sixth. Under this arrangement the pupils in the split section benefited — they were permitted to proceed at a faster rate and to do more difficult work at each level. The child who just missed being assigned to this section found that his progress was retarded by the lowest achievers in his grade. I felt that the middle section of each grade suffered by this arrangement. To remedy this we are carrying on an experiment — all sections of the fifth and sixth grades are combined groups. We have an upper section of twenty-seven pupils, a middle section of twenty-three pupils, and a lower section of twenty-one pupils. With three split home rooms of ability grouping, the middle section of each grade is not held back by the slow learners.

We have also found that the achievement range in each room is cut down even though two grades are under one teacher. In last year's straight sixth grade the achievement range between the highest and lowest pupil in the class was three years and six months. In one of the combined groups the range between the lowest fifth grader in the room and the highest sixth grader is one year and nine months. In this way the greater part of the instructional material is directed at pupils at the same educational level. By having the slower section made up of fewer pupils more time is available for

remedial work. The three teachers involved in this experiment are convinced that the pupils are benefiting by the use of split sections. The results of the achievement testing program in May should indicate the worth of this experiment.

Another benefit resulting from this arrangement is the equalization of the teacher load. In our present set up no teacher has a pupil load greatly in excess of another. Our largest class room houses thirty pupils, our smallest, twenty-one. The average class size is slightly under twenty-six. Thus no teacher differs from the average by more than five pupils.

The number of charitable drives in which the school takes part has been cut down and were for the year limited to the Jr. Red Cross and the March of Dimes. Two profit making activities finance the fund known as the School Fund. These are the Magazine Drive which netted three hundred and twenty six dollars and the sale of pupil pictures which earned ninety nine dollars and forty cents for the fund. A summary of the money taken in is as follows:

Junior Red Cross	31.72
March of Dimes	47.94
Magazine Drive	1,170.23
Picture Sale	466.50
Insurance	307.50

The close of the year found the School Fund with a balance of five hundred and twenty-nine dollars and eighteen cents.

Two hundred and one, or 66% of the pupils took advantage of the protection offered by the insurance program. Thus far in the present school year three claims have been made. I suggest that parents contact the school if claims are not settled to their satisfaction. As yet no such complaints have been forthcoming.

One new text was introduced during the year — “Our English Language” for grade two. A set of the World Book Encyclopedia was purchased for Mrs. Wright’s room; new maps and globes were obtained for grades five, six, and seven. For the coming year several new texts are needed: history for grade seven, science for grades five and six. A general study should be made of the reading material as the basic text now in use was introduced in 1944. If a new system is to be chosen, it’s introduction should be made one grade per year, working up from the first grade.

For the first time the school is utilizing the services of the Old Colony Association of Mental Health. This work was supported in part by the PTA, by the School Committee, and by the School Fund. For the coming year the entire financial backing of the program is to be assumed by the parent Teachers Association. A psychiatrist is at the school for one half day a month. He confers with teachers on problems children or regarding children who are not achieving up to their ability level. Usually improvement results from these interviews. The more serious cases are referred to the clinic in Brockton. We at the school feel that this service is very worth while and appreciate the efforts of the PTA in underwriting the program.

The situation in the lunch room is most pleasing. Excellent menus are offered to the children and the financial picture is good. Mrs. Irene Williams has maintained the high standards set by her predecessor, Mrs. McLure. Two state inspections have taken place during the year — one devoted to the auditing of the books of the School Lunch Revolving Fund and the other to the management of the cafeteria. Practices here met with the approval of the auditors and of the inspector. Two local organizations, the Community Service Group of South Carver and the Carver Kiwanis Club, contribute money to provide free lunches for children.

I now present the financial summary of the year:

School teaching can be a difficult and unpleasant task or it can be a most satisfying and rewarding experience. The difference rests on several factors, the personality of the teacher, the relations with parents, with the superintendent and with the School Committee. Here our Carver relations between teachers is good, teaching conditions are most satisfactory — the teacher responsibility for the safety and health of the children is greatly eased by the excellent work of Mrs. Mary Korpinen of the Public Health Nursing Program. We teachers feel that we are most fortunate because of the fine relationship between the teachers and the PTA and with parents in general. We are ever aware and deeply appreciative of the support that comes from you, Mr. Austin, and from the School Committee.

SCHOOL SUPERINTENDENCY UNION No. 34

REPORT OF THE SECRETARY

On the evening of April 13, 1959, members of Union No. 34 met for the last time with Rochester as a member of the committee, at the Rochester Memorial School for the annual meeting.

Officers elected for the year were Alan I. Dunham, Chairman and Norma E. Perkins, Secretary.

Due to the fact the new Union office will be located at the Apponequet Regional High School, it was voted to close the present office in Middleboro on July 31, 1959

With Rochester leaving the Union and Freetown taking its place, it was agreed the Union Committee meet June 20, 1959 in its new membership to attend to the continuation of Union business.

The Union Committee held this meeting at Assawompset School and unanimously voted to re-elect Mr. George R. Austin, Superintendent of Schools for a three year term to begin July 1, 1959.

Once again, it is our opportunity to pay tribute to Mr. Austin. We are indeed fortunate to have his services, for he has always faithfully performed his duties with respect for the individual needs of each town of this Union.

Respectfully submitted,

NORMA E. PERKINS, Secretary

REPORT OF THE HIGHWAY SURVEYOR

To the Honorable Board of Selectmen:

The Chapter 81 allotment of \$24,750.00, of which the town appropriated \$6,600.00 and the state \$18,150.00, can be used for maintenance purposes only. Out of this amount approximately \$12,500.00 was used to purchase and apply 3,800 gallons of asphalt for sealing the streets. The remainder of the account was used for patching, catch basins, culverts, shoulders and other miscellaneous maintenance operations.

The Chapter 90 allotment of \$24,000.00, of which the town appropriated \$6,000.00, the county \$6,000.00 and the state \$12,000.00, was used on two streets. Twenty thousand dollars was allotted for Main Street, Route 58, where 2500 feet of road was completely rebuilt to a width of 26 feet with the proper drainage, 9 inches of new gravel and approximately 1600 tons of Bituminous Concrete Type I surface applied.

The remaining \$4,000.00 was spent on Tremont St. where 1400 feet of the 18 foot road was widened to 26 feet with 9 inches of gravel foundation and a Bituminous Road Mix Type C-1 used on the widened area and existing road as a base and leveling course.

PUBLIC HEALTH NURSING SERVICE

The following figures were compiled for the purpose of comparing cost of all services of our Public Health Nurse as compared with the old method of the various town departments obtaining the same services.

There are, however, additional services or benefits to the town that cannot be accurately listed, but should be taken into consideration in evaluating the program.

For example:

1. The nurse is at the school daily, as compared with only part time coverage.
2. There are cases listed under The Board of Health that could be a financial obligation to them. However, as the accurate amount cannot be determined they will not be listed.
3. All residents, permanent or summer, of the Town have the privilege of using this service. There were, of course, no services for the general public under the old program.
4. Many of the cases listed as unpaid were cases that were on the borderline as to the need of Town assistance of some nature. These too are not listed under any item as accuracy cannot be determined.
5. One of the Town's small businesses - - the Rest Homes definitely benefit by the Public Health Nurse. A Rest Home could not accept cases that would require injections of any kind. Recently a rest home owner added several rooms. This of course added to his taxes.

The following is the financial comparison using the calendar year 1959.

1. Present Program

Total amount spent by the Public Health Committee	\$2,184.12
Total amount of fees collected by the Committee	170.25
	<hr/>
Net cost of present program	\$2,013.87

2. Actual Cost If Under Old Program

1. School Nurse Salary	\$1,650.00
2. School Nurse Transportation	250.00
3. School Health Supplies	60.00
4. Welfare Department	29.50
5. Veterans' Aid, etc.	0.00
	<hr/>
Net cost under old program	\$1,989.50

The following explains how the above figures were derived.

The figures 1 thru 3 were derived by using the actual amount spent for school health supplies by the Public Health Committee and by using the Salary and Transportation figures of the Towns of Lakeville and Rochester who share the Services of a School Nurse. School Department consulted.

Figure 4 Actual cost after reimbursements. Welfare agent consulted.

Figure 5 None for 1959.

It is the unanimous opinion of the Public Health Committee that the program is improving from the sense of its usefulness to the Town Departments and the People of Carver and that in 1959 it was more than worth the extra \$24.37 spent.

REPORT OF VETERANS' AGENT

To the Honorable Board of Selectmen

Carver, Massachusetts

Gentlemen:

I submit herewith for your consideration and approval the report of the Veterans' Services Department for 1959.

With the increase in living costs, hospital and medical services, and general expenses, the work load of this office is constantly increasing.

As the veterans of all our wars grow older some will require more help in their declining years.

Any money spent by this department to aid veterans and their dependents in need is reimbursed by the state to the Town of Carver in the following manner. State settled cases 100% reimbursement, town settled cases 50%. This means that any veteran or their dependents receiving aid from this department costs the town less money than they would under the Welfare Program as the state reimburses the town in welfare cases only 33 1/3%.

With the passage by Congress of Public Law 86-211 which allows veterans, widows and orphans of World War II and the Korean Conflict to become eligible for pensions for a non service connected disability which until this time was reserved for veterans of World War I only, there will be a lot of time spent in advising each one of their rights.

I started a new service to the veterans and their dependents of Carver on January 26, 1960 by holding office hours at the Carver Town Hall on the fourth Tuesday of each month from 7:30 to 8:30 p.m. so that anyone unable to get to our office during working hours may contact me with their problems at this time.

Respectfully submitted,

GEORGE E. WHEELER, Agent

TOWN WARRANT

AND REPORT OF THE

FINANCE COMMITTEE

OF THE

TOWN OF CARVER

MASSACHUSETTS

Annual Town Meeting, March 5, 1960 at 12:00 Noon

TOWN WARRANT AND REPORT OF
FINANCE COMMITTEE

The Commonwealth of Massachusetts

Plymouth, ss. To either of the Constables of the Town
of Carver, Plymouth County, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the Inhabitants of the Town of Carver qualified to vote in elections and in town affairs to meet at the Governor John Carver School House in said Carver on Saturday, the fifth day of March, 1960, at twelve o'clock noon, then and there to act on the following article, namely:

Article 1. To choose all necessary town officers, to be voted for all on one ballot, viz.: One Moderator, Three Auditors, Three Constables, One Tree Warden, One Highway Surveyor, each for one year. One Assessor, One Selectman, One School Committeeman, One Cemetery Commissioner, One Park Commissioner, Two Library Trustees, each for three years.

The polls will be open for at least seven hours.

And you are directed to further notify said Inhabitants of said Town that as soon as the ballots have been counted the meeting will adjourn to Saturday, March 12, 1960, at two o'clock, P.M., and at that time will reconvene at said Governor John Carver School House, then and there to act on the following articles, namely:

Article 2. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1960 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 2. Recommended by the Finance Committee.

Article XIII

Section 1. No person shall enter or leave the ponds or Lakes in Carver in which bathing is permitted except at beaches where the Town owns the land, or at such other places as the Selectmen may specially designate, except abutters, their guests and servants on their own respective beaches.

Section 2. No person shall in or on the Lakes and ponds in Carver, or upon any land bordering thereon, annoy another person or utter any profane, threatening, abusive or indecent language, or loud outcry, or do any obscene or indecent act or commit a nuisance.

Section 3. No person shall throw, drop, place or deposit in the water or on any beach any waste papers, glass rubbish, refuse or garbage.

Section 4. No person shall bathe in the Lakes and Ponds in Carver in which bathing is permitted unless properly attired.

Section 5 Fishing in the Lakes and Ponds of Carver is subject to the existing rules and regulations of the Commonwealth of Massachusetts pertaining to fishing, and rules and regulations of any body of water used for domestic water

supply.

Section 6. Row boats, canoes and sailing boats will have the right of way at all times in any part of the lakes.

Section 7. No person shall run, drive or operate any boat, canoe or any type of water vehicle propelled by steam, naphtha, gasoline, electricity or any motor or engine upon the lakes or ponds within the Town of Carver.

- (a) In a reckless, careless or negligent manner so that the lives and safety of the public might be endangered.
- (b) At a speed exceeding ten miles per hour.
- (c) Within fifty yards of any bathing beach or diving raft.
- (d) Within fifty feet of any row boat, sail boat or canoe, except where docking or where the width of the waterway prevents such distance, in which event speed shall be reduced accordingly.

Section 8. The Board of Selectmen may prohibit the use of any boat, canoe or any type of water vehicle propelled by steam, naphtha, gasoline, electricity or any motor or engine upon any or all of the lakes and ponds within the Town of Carver for such period as is determined by the Board of Selectmen for the health and sanitation of those using the lakes and ponds; and, the Board of Selectmen of the Town or Carver shall have the exclusive authority and absolute discretion to determine the reasons for which such a prohibition will be invoked and enforced.

Section 9. The above rules and regulations are to be enforced by an authorized police official of the Town of Carver and the violation of any rule or regulation established under this act shall be punished by fine of not more than Twenty Dollars (\$20.00).

The above regulations do not apply to use of lakes by boats involved in rescue operations by air craft in emergencies or by police in the course of their duties.

Article 22. Recommended by the Finance Committee.

And you are directed to serve this warrant by posting attested copies thereof at the several places designated by vote of the Town seven days at least before the time of holding said meeting.

Hereof fail not and make due return of this warrant, with your doings thereon at the time and place of meeting aforesaid.

Given under our hands this ninth day of February in the year One Thousand Nine Hundred and Sixty.
